Experience

ACLU / Data Engineer II

Since Apr 2022 - Baltimore, MD (Remote)

I build data models and engineer ELTs to support the ACLU's engagement and legal analytics teams.

The Collective PAC / Data Director

Apr 2021 to Mar 2022 - Baltimore, MD (Remote)

I developed The Collective's analytics infrastructure, helped guide its research initiatives and electoral strategies, and managed and trained a data analyst.

Montana Democratic Party / Deputy Data Director

Jun 2020 to Nov 2020 - Helena, MT

I designed the infrastructure and data models behind our campaign's absentee reporting and ballot chase systems, while also providing analytical support to the field, voter protection, and digital teams.

Adaptive Biotechnologies / Data Analyst

Nov 2018 to Jun 2020 - Seattle, WA

I provided business analysis to stakeholders across the company and contributed to our team's data mart.

Nevada Democratic Party / Deputy Data Director

Aug 2018 to Nov 2018 - Las Vegas, NV

I built dashboards, wrote reports, and provided technical support for the campaign's field and voter protection programs.

Education

Stanford University

Sep 2014 to Jun 2018 - Stanford, CA
BA in Political Science, with honors
Minors in Statistics and History

Skills

Visualization, data modeling, dashboarding, GIS

Tools

SQL, R (Tidyverse), dbt, git, Tableau, VAN, Civis
