Experience

Montana Democratic Party / Deputy Data Director

Jun 2020 to Nov 2020 - Helena, MT

Developed a full analytics stack in Civis, including a custom data mart for managing secretary of state data. Served as point-person for the voter protection team and designed the infrastructure behind our ballot chase system. Provided mobilization and analytical support to the field, Native vote, and digital teams.

Adaptive Biotechnologies / Data Analyst

Nov 2018 to Jun 2020 - Seattle, WA

Provided business analytics to stakeholders across the company, from finance to sales to lab ops. Contributed to reporting infrastructure with data mart development, data source design, and report creation.

The People for Shaun Scott / Data Director (part-time)

May 2019 to Nov 2019 - Seattle, WA

Provided analytical and technical support to our grassroots city council campaign. Reported on organizing and fundraising efforts and administered VoteBuilder and Hustle for the campaign.

Nevada Democratic Party / Deputy Data Director

Aug 2018 to Nov 2018 - Las Vegas, NV

Built dashboards and reports to inform field and voter protection strategy. Prioritized staging locations and polling sites during GOTV.

Education

Stanford University

Sep 2014 to Jun 2018 - Stanford, CA

BA in Political Science, with honors
Minors in Statistics and History

Skills

Visualization, dashboarding, data modeling, GIS
