Experience

ACLU / Analytics Engineer II

Since Apr 2022 - Baltimore, MD (Remote)

I build data models, pipelines, and custom scraping scripts to support the ACLU's supporter engagement and legal advocacy.

The Collective PAC / Data Director

Apr 2021 to Mar 2022 - Baltimore, MD (Remote)

I developed The Collective's analytics infrastructure, won \$100k in funding to lead a voter turnout experiment, and managed and trained a data analyst.

Montana Democratic Party / Deputy Data Director

Jun 2020 to Nov 2020 - Helena, MT

I designed the infrastructure and data models behind our statewide campaign's absentee reporting and ballot chase systems.

Adaptive Biotechnologies / Data Analyst

Nov 2018 to Jun 2020 - Seattle, WA

I provided analysis and dashboards to stakeholders across the company and contributed to our team's data models.

Nevada Democratic Party / Deputy Data Director

Aug 2018 to Nov 2018 - Las Vegas, NV

I built dashboards, wrote reports, and provided data-driven support for our US Senate campaign's field and voter protection programs.

Education

Stanford University

Sep 2014 to Jun 2018 - Stanford, CA

BA in Political Science, with honors

Minors in Statistics and History

Skills
